HOW COMBIBOST WORKS

NEW

PROLINE+

Voiceover:

Assuming you know how to place a Parlay bet, here's how eligible Parlays of 4 or more picks can activate a bonus multiplier called, Combiboost.

Video: The cursor moves to the left-hand navigation panel and selects Baseball, then MLB. Four picks are chosen. On the fourth bet, the Combiboost bonus percentage appears.

Voiceover:

Make a minimum of 4 eligible pre-match picks and watch your betslip take shape. You can bet up to a maximum of 12 picks per betslip.

Combiboost is not offered on Live Betting.

A Combiboost bonus can range from 5% to 50% depending on the number of picks - the more picks you add, the bigger your potential bonus will be.

As your picks are added, your betslip will show the Combiboost bonus percentage.

Video: \$5.00 is entered into the 4 Pick Parlay bet. The Combiboost bonus appears in green showing the potential return. The cursor then clicks the Player Icon and a drop-down menu appears to highlight My Playsmart Tools.

Voiceover:

When you're ready, enter your wager amount to see your potential return and Combiboost bonus in green.

Note: You can avoid overspending by setting your Sports Spend Limit under your My PlaySmart Tools.

Video: The Clear All button highlights as the cursor hovers over it. The cursor then clicks Place Bet button and the bet receipt appears. The cursor selects the Open Bets tab to show the new bet.

Voiceover:

If you change your mind and want to make a new bet slip, just click Clear All.

Once you're happy with your picks, click Place Bet.

You'll have 30 seconds to confirm your bet. If you don't confirm, it won't be placed!

Once your bet has been placed, you'll see it under Open Bets.

Bets cannot be canceled, reversed or undone once confirmed.

Video: The PROLINE+ screen transitions into the + sign and the PROLINE+ logo and copy animate in.
